Tripadvisor - November, 2018:

"We just returned from a unforgettable experience at Chabil Mar in Placencia, Belize. We arrived on November 27, 2018 and were immediately greeted by a friendly smile and a local rum drink by the staff at Chabil Mar. We were escorted to our room (no lobby check in lines here!) by a lovely hostess. Our villa was perfect! Paintings and wood carvings from local artists and floral arrangements with flowers from the resort. It also features a private table along with an oversized hammock on the patio. Just perfect. I am spoiled and particular, and happily give Chabil Mar a very enthusiastic recommendation".
